It was again rumored on the floor of the Stock Exchange to-day that the Northern Securities decision would be handed down on Monday. The rumor was brought into service just as prices were at the highest, and as a result there was a general fractional decline. The drop, however, did not cause any

The story had its direct effect on the Northern Securities stock, which was sale of about 2,500 shares showed a loss of 5-8, selling at 88. Delaware & Hudson rights, which were dealt in on the curb, rose 3-8 on sales of 500 rights.

The railroad earnings for the month were not as bad as some expected, but Necessary Action Taken by Exthey had little effect. The announcement of a 2 per cent, dividend on Railway Steel Springs caused the stock to advance 1 per cent., but it soon sagged

The talk of the benefit to arise for Brooklyn Rapid Transit over the speedy opening of trolley traffic on the Willsburg Bridge helped the stock, which was strong all day and sold up

In the Industrial group American Sugar continued to be the feature and was strong around 125, as it was sailing ex-dividend, and closed at 126 1-4; this is equivalent to a net gain of 1-2

Westinghouse made a gain of 2 per cent,, Car'& Foundry was up 11-2 and Pressed Steel Car made a gain of almost point. These gains were made before the Northern Securities story was brought into use.

St. Paul was strong and advanced to 139 2-4. Rock Island was steady at 20 7-8, a gain of 1-8. There was a better demand for Erie. The Board of Governors reschied their order about Erie certificates and hereafter the old or the naw certificates are a good delivery.

During the morning there was very little activity in Alton, but in the afternoon the buil pool which has been operating in the stock for several days resumed operations and in a few minutes had advanced the stock 3-4 of a point to 39 3-4.

At the same time the remainder of the market showed a tendency to decline again, and Pennsyivania, which had been selling at 114, feil to 113 3-4, Mis-sourd Pacine lost 1-4, Ao 85 5-8, and Atchi-son declined from 66 to 65 5-8.

As soon as prices sagged the market became very dull. Prices at the close were slightly higher.

War, when discharged from the army was unfit for duty and unable to work because of kidney and bladder troubles contracted during the war.

"Exposure during the war settled my kidneys and severe inflammation and serious pains in passing urine. At the time of my

discharge I was simply unfit for duty and unable to work. "My father had been cured of gall-stones through the use of Warner's Safe Cure, and so he advised me to take it. I used it faithfully for three weeks before I found relief, but it seemed like a godsend to me, I had endured suffering so long. I kept up the treatment and was soon completely cured and have had no re-

lapse since, but am enjoying most excellent health, and gladly do I recommend Safe Cure." JAMES A. GALT, City Hotel, St. Paul, Minn. Disease always attacks the weakes point—in ninety-nine times out of a hundred the kidneys, and when the kidneys are out of condition the whole system is bound to suffer. The one certain cure for all diseases of kidneys, liver, bladder and blood that doctors take themselves and prescribe for their patients is Safe Cure. It cures after everything else fails, and leaves no bad after effects.
